JOURNAL OF REPRODUCTIVE IMMUNOLOGY

Contents (Volume 40)

No. 1

BASIC IMMUNOLOGY

Enhancement by stem cell factor of interleukin-2 (IL-2)-induced DNA synthesis in human decidual $CD16^{-}CD56^{bright}$ natural killer cells mediated by increased expression of the IL-2 receptor α chain
H. Umekage, S. Saito, H. Morikawa (Nara, Japan) 1

Regulation by human uterine cells of PBMC proliferation: influence of the phase of the menstrual cycle and menopause
R.H. Prabhala, J.V. Fahey, S.L. Humphrey, R.D. Edkins, J.E. Stern, C.R. Wira (Lebanon, NH) 25

Expanded cohorts of maternal $CD8^{+}$ T-cells specific for paternal MHC class I accumulate during pregnancy
M. Zhou, A.L. Mellor (Augusta GA) 47

ANIMAL SCIENCES

Regulation of uterine immune function by progesterone—lessons from the sheep
P.J. Hansen (Gainesville, FL) 63

Production and characterization of monoclonal antibodies to the major protein of boar outer dense fibers
J. Villegas, R. Henkel, H. Folch, R. Sánchez, W.-B. Schill, W. Miska (Temuco, Valdivia, Chile; Giessen, Germany) 81

Comparison of an anti-HSV-2 monoclonal IgG and its IgA switch variant for topical immunoprotection of the mouse vagina
L. Zeitlin, P.E. Castle, K.J. Whaley, T.R. Moench, R.A. Cone (Baltimore, MD) 93

No. 2

BASIC IMMUNOLOGY

Molecular basis of sperm–egg interaction and the prospects for immunocontraception
L.E. Kerr, M. Paterson, R.J. Aitken (Edinburgh, UK) 103

Nonspecific immunity in pregnancy: monocyte surface Fcγ receptor expression and function
D. Davis, R. Kaufmann, E.J. Moticka (Springfield, IL) 119

ANIMAL SCIENCES

Granulated metrial gland cells in 'minor' species
I.J. Stewart (Southampton, UK) 129

CLINICAL STUDIES

Transmission disequilibrium of maternally-inherited *CTLA-4* microsatellite alleles in idiopathic recurrent miscarriage
A.F. Tsai, K.A. Kaufman, M.A. Walker, T.G. Karrison, R.R. Odem, R.B. Barnes, J.R. Scott, J.R. Schreiber, M.D. Stephenson, C. Ober (Chicago, IL; St. Louis, MO; Salt Lake City, UT; Vancouver, Canada) 147

Plasma tumor necrosis factor-α soluble receptor p55 (sTNFp55) concentrations in eclamptic, preeclamptic and normotensive pregnant Zimbabwean women
M.A. Williams, K. Mahomed, A. Farrand, G.B. Woelk, S. Mudzamiri, S. Madzime, I.B. King, G.B. McDonald (Seattle, WA; Harare, Zimbabwe) 159

Report from the Society for Gynecologic Investigation, Atlanta, Georgia, March 11–14, 1998
W.H. Kutteh (Memphis). 175

Abstracts in Reproductive Immunology 183

Contents of Volume 40 191
